QR code menus

With concerns around contamination still on everyone’s mind, the days of the reusable menu are over – and this is one area where technology can help you thrive in the ‘new normal’.

A more modern approach may hold the answer. Nearly 90% of UK adults aged between 18-65 own smartphones with internet access, opening up doors to a better solution: hosting your menu digitally.

How it works:

1.

Consumer sits at table inside or outside

2.

Consumer scans a QR code located on physical POS

3.

Consumer views the menu on their phone

4.

Customer places order with staff as usual

What we offer:

Choose from one of three packs:

- i) 20 x A5 or 20 x A6 Tent Cards
- ii) 50 x Round Table Stickers
- iii) 10 x A5 or 10 x A6 Tent Cards and 20 Round Table Stickers

Tent Cards are laminated to enable wipe clean and table stickers are removable and able to be wiped.

How to order:

If you do not already have a drinks menu to use, please contact your account manager to log a new drinks list request. Once you have a menu uploaded to your website, email the unique url of the online menu to our Design Studio team or your account manager. The url will be something like this: <https://www.venue.name.co.uk/pdf/menu.pdf>. Provide the information to go onto the Tent Cards or Stickers, this includes what the background should be, the logo to use and the text used to prompt guests. Finally, include the details of which pack you would like to order, i.e. 20 x A5 Tent Cards.
